

Broeck strives for an inclusive workforce.

In collaboration with Stichting Zorg Oudewater (De Wulverhorst), we create learning and employment opportunities, as well as daytime activity programmes, with the right guidance and support. Providing a safe environment for both working and learning is one of our highest priorities.

At Broeck, we work with people both with and without disabilities. For example, some of our colleagues may have a mild intellectual disability, a physical disability, a neurodevelopmental or mental health condition, or a hearing or visual impairment.
